# EnvironmSafe Records

Quick start

**Website**
records.environmsafe.com

**Android app (APK)**
records.environmsafe.com/download

## Install on Android (8 or newer)

1. Scan the right-hand code and tap **Download the app**.
2. Open the file; allow installing from this source when Android asks.
3. Tap **Install**, open the app and sign in.

## First sign-in

1. Use the e-mail and temporary password from your Admin, then choose your own password.
2. Admins: set up two-step sign-in with Google or Microsoft Authenticator.
3. Home → **Set an app PIN** so you can unlock the app without internet.

## Every day

1. **+** → **New inspection**: pick the tag (or scan its QR label) and follow the steps; update every previous finding.
2. **+** → **New daily report** for the job; tap **PDF + Word**.
3. Watch the bar at the top: green = synced, yellow = waiting (keep working), red = tap it.
